## Corso Road

- Jack Dameron, John Northcutt, and Kenny Brown were present and shared their concerns regarding Corso Road with the Commissioners. MODOT will be shutting down a bridge on Hwy E later this year, and there is concern about large trucks using Corso Road as an alternative. They would like the Commission to put up load limit signs on the road, as there are box culverts on the road that would not withstand the weight of the large trucks. The Commissioners will discuss with the Prosecutor to check on the legality of the limit signs.

**Leah Askey, Prosecuting Attorney**

- George Gundy should have the documents ready this week for the scrivener's error for N. Ethlyn Rd.
- The Commissioners addressed some concerns they have regarding lighting at the employee entrance.
- Discussed the desire of immediately closing the road at the Old Moscow Mills Bridge. The Commission would like to put a cable across the road as a matter of public safety. Leah will look into the matter.
- Weight Limit signs for Corso Road were discussed. Leah says the weight limit signs can be posted at the end of the road, and at the box culverts.

**Ministerial Activities/Road and County Property Inspection:**
