## INDEPENDENT AUDITOR'S REPORT

To the County Commission  
The County of Lincoln, Missouri

### **Report on the Audit of the Financial Statements**

#### **Opinions**

We have audited the financial statements of the County of Lincoln ("County"), Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash Balances - All Governmental Funds - Regulatory Basis and the Statements of Assets and Liabilities Arising From Cash Transactions - Fiduciary Funds-Regulatory Basis as of December 31, 2021, and the related Statements of Receipts, Disbursements and Changes in Cash Balances - Budget and Actual - All Governmental Funds - Regulatory Basis for the year then ended, and the related notes to the financial statements.

#### ***Unmodified Opinions on Regulatory Basis of Accounting***

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the cash and unencumbered cash of each fund of the County as of December 31, 2021, and their respective cash receipts and disbursements, and budgetary results for the year then ended in accordance with the financial reporting provisions prescribed or permitted by Missouri law described in Note I.

#### ***Adverse Opinion on U.S. Generally Accepted Accounting Principles***

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the accompanying financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the County as of December 31, 2021, or changes in net position and cash flows thereof for the year then ended.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles***

As described in Note I of the financial statements, the financial statements are prepared by the County on the

basis of the financial reporting provisions prescribed or permitted by Missouri law, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of Missouri. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note I and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the regulatory basis of accounting, a financial reporting framework prescribed or permitted by Missouri law. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County of Lincoln's basic financial statements. The schedule of expenditures of federal awards, as required by *Title 2 U.S. Code of Federal Regulations Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards is

the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated July 14, 2022 on our consideration of the County of Lincoln's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering County of Lincoln's internal control over financial reporting and compliance.

THE COUNTY OF LINCOLN  
TROY, MISSOURI  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2021

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The County of Lincoln, Missouri (“County”), which is governed by a three-member board of commissioners, was established in 1818 by an Act of the Missouri Territory. In addition to the three Commissioners, there are 11 elected Constitutional Officers: County Clerk, Collector, Treasurer, Sheriff, Auditor, Assessor, Public Administrator, Coroner, Circuit Clerk, County Surveyor and Prosecuting Attorney.

As discussed further in Note I, these financial statements are presented on the regulatory basis of accounting. This basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP).

A. Reporting Entity

As required by generally accepted accounting principles, as applicable to the regulatory basis of accounting, these financial statements present the County’s financial accountability.

The County’s operations include tax assessments and collections, state/county courts, county recorder, police protection, transportation, economic development, and social and human services.

The financial statements referred to above include only the primary government of Lincoln County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that comprise the County’s legal entity.

B. Basis of Presentation

The financial statements are presented using accounting practices prescribed or permitted by Missouri law, which include a Statement of Receipts, Disbursements and Changes in Cash Balances – All Governmental Funds, Statements of Receipts, Disbursements and Changes in Cash Balances – Budget and Actual – All Governmental Funds, and Statements of Assets and Liabilities Arising from Cash Transactions – Fiduciary Funds.

Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts. The following fund types are used by the County:

***Governmental Fund Types***

Governmental funds are those through which most governmental functions are financed. The County’s expendable financial resources are accounted for through governmental funds. The measurement focus is determined upon changes in financial position rather than net income.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Basis of Presentation (concluded)

***Fiduciary Fund Types***

*Fiduciary Funds* – Fiduciary funds consist of custodial funds. Custodial funds are used to account for assets held by the County in a trustee capacity as an agent of individuals, private organizations, other funds or other governmental units. Custodial funds are accounted for and reported similarly to governmental funds. Custodial funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations. These funds account for activities of collections for other taxing units by the Collector of Revenue and other agency operations.

C. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements.

The financial statements are prepared on the regulatory basis of accounting. This basis of accounting recognizes amounts when received or disbursed in cash and differs from accounting principles generally accepted in the United States of America.

As a result of using this regulatory basis of accounting, certain assets (such as accounts receivable and capital assets), certain revenues (such as revenue for billed or provided services not yet collected), certain liabilities (such as accounts payable, certificates of participation bonds and obligations under capital leases) and certain expenditures (such as expenditures for goods or services received but not yet paid) are not recorded in these financial statements.

D. Budget and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50 RSMo, the County adopts a budget for each governmental fund.
2. On or before December 1st, each elected officer and department director will transmit to the County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1 by December 15th. The proposed budget includes estimated revenues and proposed expenditures for all budgeted funds. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year. Budgeting of appropriations is based upon an estimated unencumbered fund balance at the beginning of the year as well as estimated revenues to be received. The budget to actual comparisons in these financial statements, however, do not present encumbered fund balances, but only compare budgeted and actual revenues and expenditures.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Budget and Budgetary Accounting (concluded)

4. A public hearing is conducted to obtain public comment. Prior to its approval by the County Commission, the budget document is available for public inspection.
5. Prior to January disbursements, the budget is legally enacted by a vote of the County Commission.
6. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by formal vote of the Commission. Adjustments made during the year are reflected in the budget information in the financial statements.

Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year. Individual amendments were not material in relation to the original appropriations which were adopted.

7. Budgets are prepared and adopted on the cash basis of accounting.

E. Property Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1, and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1, of the following year.

The assessed valuation of the tangible taxable property, included within the County's boundaries for the calendar year 2021, for purposes of taxation, was:

	2021
Real Estate	\$ 734,681,351
Personal Property	238,865,646
Railroad and Utilities	84,285,413
	\$ 1,057,832,410

During 2021, the County Commission approved a \$.3818 tax levy per \$100 of assessed valuation of tangible taxable property, for purposes of County taxation, as follows:

	2021
General Revenue Fund	\$ .1600
Special Road and Bridge Fund	.2238
	\$ .3818

F. Cash Deposits and Investments

Deposits and investments are stated at cost, which approximates market. Cash balances for all the County Treasurer Funds are pooled and invested to the extent possible. Interest earned from such investments is allocated to each of the funds based on a weighted average of cash balance. Cash equivalents include any instruments with an original maturity of 90 days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, bonds of the State of Missouri or other government bonds, or time certificates of deposit, provided, however, that no such investment shall be purchased at a price in excess of par. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash balances are presented in Note II.

G. Interfund Transactions

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables, if applicable, are eliminated due to reporting the financial statements on the regulatory basis of accounting.

Legally required transfers are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund.

II. DEPOSITS

The County maintains a cash pool that is available for use by all funds. Deposits with maturities greater than three months are considered investments. Each fund type's portion of this pool is displayed as "Cash and Equivalents" under each fund's caption.

Deposits - Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2021, the carrying amount of the County's deposits was \$17,513,691.82, and the bank balance was \$67,591,915.93.

II. DEPOSITS (concluded)

SUMMARY OF CARRYING VALUES

The carrying values of deposits shown above are included in the financial statements at December 31, 2021, as follows:

Included in the following fund financial statement captions:

Statements of Receipts, Disbursements and Changes in Cash–  
Governmental Funds:

Deposits	\$ 17,513,691.82
Total Governmental Funds	17,513,691.82

Statement of Assets and Liabilities Arising From Cash  
Transactions – Custodial Funds:

Deposits	48,830,364.71
----------	---------------

Total Deposits as of December 31, 2021	\$ 66,344,056.53
--	------------------

Custodial Credit Risk – Deposits

For a deposit, custodial credit risk is the risk that in the event of a bank failure, the government’s deposits may not be returned to it. The County’s investment policy does include custodial credit risk requirements. The County’s deposits were not exposed to custodial credit risk for the year ended December 31, 2021.

Custodial Credit Risk – Investments

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by the party who sold the security to the County or its agent but not in the government’s name. The County does have a policy for custodial credit risk relating to investments.

Investment Interest Rate Risk

Investment interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The County does have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Concentration of Investment Credit Risk

Concentration of investment credit risk is required to be disclosed by the County for any single investment that represents 5% or more of total investments (excluding investments issued by or explicitly guaranteed by the U.S. Government, investments in mutual funds, investments in external investment pools and investments in other pooled investments). The County has a policy in place to minimize the risk of loss resulting from over concentration of assets in specific maturity, specific issuer or specific class of securities. The County’s deposits were not exposed to concentration of investment credit risk for the year ended December 31, 2021.

VI. INTERFUND TRANSFERS (concluded)

Transfers are used to (1) move receipts from the fund that statute or budget requires to collect them to the fund that statute or budget requires to disburse them, and (2) use unrestricted receipts in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

VII. COUNTY EMPLOYEES' RETIREMENT FUND (CERF)

A. Plan Description

CERF was established by an act of the Missouri General Assembly effective August 28, 1994. Laws governing the retirement fund are found in Sections 50.1000-50.1300 of the Missouri Revised Statutes (RSMo). The Board of Directors consists of eleven members, nine of whom are County employee participants. Two members, who have no beneficiary interest in CERF, are appointed by the Governor of Missouri. The Board of Directors has the authority to adopt rules and regulations for administering the system.

CERF is a mandatory cost-sharing multiple employer retirement system for each County in the state of Missouri, except any city not within a County (which excludes the City of St. Louis) and counties of the first classification with a charter form of government. CERF covers County elective or appointive officers or employees whose position requires the actual performance of duties not less than 1,000 hours per year; including employees of circuit courts located in a first class, non-charter County which is not participating in the Local Government Employees Retirement System (LAGERS); and does not cover circuit clerks, deputy circuit clerks, County prosecuting attorneys, and County sheriffs.

Until January 1, 2000, employees hired before January 1, 2000, could opt out of the system. CERF is a defined benefit plan providing retirement and death benefits to its members. All benefits vest after 8 years of creditable service. Employees who retire on or after age 62 are entitled to an allowance for life based on the form of payment selected. The normal form of payment is a single life annuity. Optional joint and survivor annuity and 10-year certain and life annuity payments are also offered to members in order to provide benefits to a named survivor annuitant after their death. Employees who have a minimum of 8 years of creditable service and who terminated employment after December 31, 1999, may retire with an early retirement benefit and receive a reduced allowance after attaining age 55.

Annual cost-of-living adjustments, not to exceed 1%, are provided for eligible retirees and survivor annuitants, up to a lifetime maximum of 50% of the initial benefit which the member received upon retirement. Benefit provisions are fixed by state statute and may be amended only by action of the Missouri Legislature. Administrative expenses for the operation of CERF are paid out of the funds of the system.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, or by calling 1-573-632-9203.

VII. COUNTY EMPLOYEES' RETIREMENT FUND (CERF) (concluded)

B. Contributions

Prior to January 1, 2003, participating County employees, except for those who participated in LAGERS, were required to make contributions equal to 2% of gross compensation. Effective January 1, 2003, participating County employees hired on or after February 25, 2002, are required to make contributions of 4% if they are in a LAGERS county and contributions of 6% if they are in a non-LAGERS county. If an employee leaves covered employment before attaining 8 years of creditable service, accumulated employee contributions are refunded to the employee.

The contribution rate is set by state statute and may be amended only by action of the Missouri Legislature. During 2021, the County collected and remitted to CERF employee contributions of \$449,673.12 for the year then ended.

VIII. PROSECUTING ATTORNEY RETIREMENT FUND

In accordance with state statute Chapter 56.807 RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County has contributed \$11,628.00 for the year ended December 31, 2021.

IX. POST-EMPLOYMENT BENEFITS

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County. As of December 31, 2021, the County had one COBRA participant paying premiums of \$16,332.96.

X. CLAIMS COMMITMENTS AND CONTINGENCIES

A. Litigation

Various suits and claims against the County are presently pending. It is management's opinion that any liability resulting from pending suits in excess of insurance coverage will not have a material effect on the basic financial statements of the County at December 31, 2021.

B. Compensated Absences

The County provides employees with up to three weeks of paid vacation based upon the number of years of continuous service. Upon termination from County employment, an employee is reimbursed for unused leave time. These have not been subjected to auditing procedures.

X. CLAIMS COMMITMENTS AND CONTINGENCIES (concluded)

C. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants are required, and certain costs may be questioned as not appropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial. No provision has been made in the accompanying financial statements for the potential refund of grant monies.

XI. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters; and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool, which is a corporate and political body created pursuant to state statute (Chapter 537.70 RSMo. 1986). The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

The County is also a member of the Missouri Association of Counties Self-Insured Workers' Compensation and Insurance Fund. The County purchases workers' compensation insurance through this Fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is then reinsured up to the statutory limit through excess insurance.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON  
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH *GOVERNMENT AUDITING STANDARDS***

**INDEPENDENT AUDITOR'S REPORT**

To the County Commission  
The County of Lincoln, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the County of Lincoln ("County"), which comprise the Statement of Receipts, Disbursements and Changes in Cash Balances - All Governmental Funds - Regulatory Basis and the Statements of Assets and Liabilities Arising From Cash Transactions - Fiduciary Funds - Regulatory Basis as of December 31, 2021, and the related Statements of Receipts, Disbursements and Changes in Cash Balances - Budget and Actual - All Governmental Funds - Regulatory Basis for the year ended December 31, 2021 and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated July 14, 2022.

In our report, because the County prepared its financial statements using financial reporting provisions prescribed or permitted by Missouri law, our opinion stated that the financial statements were not presented fairly in conformity with accounting principles generally accepted in the United States of America. However, the financial statements were found to be fairly stated in accordance with the financial reporting provisions prescribed or permitted by Missouri law, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention to those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM  
AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE  
REQUIRED BY THE UNIFORM GUIDANCE**

**INDEPENDENT AUDITOR'S REPORT**

To the County Commission  
The County of Lincoln, Missouri

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited County of Lincoln's ("County") compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2021. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2021.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

***Responsibility of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws,

statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the County's federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### ***Report on Internal Control over Compliance***

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

THE COUNTY OF LINCOLN  
TROY, MISSOURI  
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
FOR THE YEAR ENDED DECEMBER 31, 2021

---

NOTE 1 – BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the “Schedule”) includes the federal award activity of the County of Lincoln under programs of the federal government for the year ended December 31, 2021. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County of Lincoln, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the County of Lincoln.

NOTE 2-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the regulatory basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

NOTE 3-INDIRECT COST RATE

The County has not elected to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE 4 – SUBRECIPIENTS

During the year ended December 31, 2021, the County provided \$2,346,435.28 in federal awards to sub-recipients for the Economic Adjustment Assistance Program under Federal Assistance Listing Number 11.307.

NOTE 5 – DONATED PERSONAL PROTECTIVE EQUIPMENT (PPE) (Unaudited)

The County did not receive any donated personal protective equipment during the year ended December 31, 2021.
